

Year 2 overview (from 2021)

This year will help you understand your calling and thoroughly prepare you to serve God accordingly!

Clarify your **calling** and be **equipped** to serve and lead through:

■ Teaching and Training

Each stream will have core subjects.

Church Planting Intensive and School of Church Planting

Corey Turner

In Matthew 28: 16 - 20

Jesus gave us the great commission to go and make disciples of all nations. Historically and statistically the most successful way to do this is through Church Planting. In this Church Planter [Stream /Intensive] you will hear from leaders who have real world experience in planting churches. This [Intensive/Stream] will expose you to the necessary Biblical foundations and practical applications that are a necessary prerequisite to pioneering kingdom based local churches in relevant cultural contexts"

School of the Arts **Stacey Hilliar**

If you are passionate about serving God with your growing creativity, building His church, and worshiping in spirit and in truth, then the School of the Arts is for you! With God's Word as our foundation, we are committed to seeing creative leaders fulfil their God-given call to lead and facilitate worship atmospheres that follow and co-labour with the Holy Spirit. With practical training in areas such as vocals and worship-leading, prophetic musicianship, dance, production and media, alongside of spiritual impartation from experienced leaders, teachers and technicians, you will flourish in both your biblical understanding and practice of creativity"

School of Leadership and Ministry **Michael Grechko**

Leadership is an art because it requires vision, initiative, creativity, lateral thinking, intuition, courage, communication, the use of one's personality and godly character that inspires confidence in those who follow. It is a science because there are certain laws that leaders must follow and certain principles which they must employ to serve those to whom they are called. If you are called to lead in your sphere of influence, our School of Leadership can equip you. Your instructors will be experienced practitioners who will help you develop theological foundations and a working biblical paradigm of leadership. They will help you develop the necessary skills to provide exceptional leadership in your context"

Reading As well as the prescribed textbook for most subjects, there will be a book and sections of Bible to read each month.
